## Speech Language Pathologist

DOB: 2nd October, 1975 in Gap (05)  
French

### Background & Profile

I am a speech therapist specialized in fluency disorders since 15 years. I'm also a teacher for Speech Therapy students and a trainer for certified SLT's. I'm passionate about fluency disorders, always eager to know more about issues and treatment perspectives. I'm also very grateful for the knowledge my patients taught me about stuttering and cluttering from the inside.
